Red S. G. Bennett

SCOTSDALE IRONSIDE- X442864 was our first polled sire. We wanted a bull with size, confirmation and we think we have all this in this son of the great western bull PLEASANT DAWN MARK. IRONSIDE's dam by the good breeding bull SCOTSDALE NAVARRE is one of the top breeding cows in the SCOTSDALE herd. IRONSIDE's first calves arrived in 1976. Heifers are about 90% polled. Bulls about 60% polled. I think when you see these calves you will agree with me that they are the kind of cattle that will gain favour with the feeder and the packers.

IRONSIDE has run with the breeding herd since 16 month of age and under these conditions weighed at 3 years of age 1860 lbs.
